PARENTS' RESPONSIBILITY FOR STUDENT ATTENDANCE

Arizona Revised Statutes (A.R.S. §15-802) mandates that children between the ages of six and sixteen years shall attend school for the full time school is in session unless exempted according to law. Regular attendance is essential if students are to receive the best possible educational opportunities.

IT IS THE RESPONSIBILITY OF THE PARENT to authorize any absence of the pupil from school and notify the school in advance or at the time of any absence. The attendance officer may investigate the reason for absence of more than two consecutive days if the school has not had contact with the family. **It is also necessary for parents to provide a phone number at the time of enrollment where the parents can be reached. Parents must notify the school as soon as possible of any change in this phone number.**

Tempe Elementary School District No. 3 Attendance Guidelines

Please call or email the school office each day your child is absent within 30 minutes of school starting time.

Excused Absences

A pupil shall be excused from school when the absence is one of the following: death in family, doctor's appointment, court appearance for the child, illness, religious holidays (as defined by the parent), lack of immunizations (5 days only), lice (3 days only), and deployment-related absences. Documentation may be requested for these absences.

Unexcused Absences

Any absence for reasons other than those listed as EXCUSED ABSENCES are deemed unexcused. Examples of unexcused absences include the following: take your child to work day, caring for siblings, vacation, failure to call the school, missed bus, lack of immunizations (more than 5 days), lice (more than 3 days).

Attendance Intervention Timeline

- **3 unexcused absences:** A staff member confers with student and parent/guardian.
- **5 unexcused absences:** Principal sends letter to the address on record warning parent/guardian of possible court proceedings if student's absences continue. Possible home visit by school staff.
- **9 unexcused absences:** A staff member makes a personal contact with parent/guardian.
- **12 unexcused absences:** District staff hand-delivers or sends letter to parent/guardian. The parent/guardian and/or student may be issued a citation for violation of Arizona Revised Statute A.R.S. § 15-802. A citation would require that the parent/guardian appear in court and consequences may include participation in a Parent Truancy Class and program fees to attend the class. If convicted, it is a Class 3 Misdemeanor punishable by jail time and/or fine.
- **15 unexcused absences:** Principal sends letter to the address on record warning parent/guardian of possible court proceedings if student's absences continue. The parent/guardian and/or student may be issued a citation for violation of Arizona Revised Statute A.R.S. §15-802. A citation would require that the parent/guardian appear in court and consequences may include participation in a Parent Truancy Class and program fees to attend the class. If convicted, it is a Class 3 Misdemeanor punishable by jail time and/or fine.
- **18 unexcused absences:** District staff hand-delivers or sends letter to parent/guardian. The parent/guardian and/or student may be issued a citation for violation of Arizona Revised Statute A.R.S. §15-802. A citation would require that the parent/guardian appear in court and consequences may include participation in a Parent Truancy Class and program fees to attend the class. If convicted, it is a Class 3 Misdemeanor punishable by jail time and/or fine.

Additional citations and/or letters may be sent to parents to address attendance. Good attendance is vital for success in school. It is important that parents and the school work together to ensure good attendance.

A child who is habitually truant or who has excessive absences may be adjudicated an incorrigible child as defined in A.R.S. § 8-201. Absences may be considered excessive when the number of absent days exceeds ten percent of the number of required attendance days prescribed in A.R.S. § 15-802 subsection B, paragraph 1. For TD3 this is 18 days (excused and unexcused combined). At 18 combined excused and unexcused absences a staff member may make personal contact with parent.

"Habitually truant" means a truant child who is truant for at least five school days within a school year.

"Truant" means an unexcused absence for at least one class period during the day.

"Tardy" means missing instructional time by being late to school or being checked out early from school.

Unless otherwise exempted, a person who has custody of a child, who does not provide instruction in a home school and who fails to enroll or fails to ensure that the child attends a public, private, or charter school is guilty of a class 3 misdemeanor. A parent who fails to comply with the duty to file an affidavit of intent to provide instruction in a home is guilty of a petty offense.

ANNUAL NOTIFICATION TO PARENT(S)/GUARDIAN(S) REGARDING CONFIDENTIALITY OF STUDENT EDUCATION RECORDS

Tempe Elementary School District No. 3 has established written policies regarding the collection, storage, retrieval, use and transfer of student educational information collected and maintained pertinent to the education of all students to ensure the confidentiality of the information and to guarantee parents'/guardians' and students' rights to privacy. These policies and procedures are in compliance with federal and state laws. District Policies and Regulations may be reviewed by contacting any school or the Student Support Department of the District.

The Family Educational Rights and Privacy Act (FERPA) is a federal law that protects the privacy of student education records. FERPA gives parents certain rights with respect to their children's education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are "eligible students." The Governing Board has established written policies regarding the collection, storage, retrieval, release, use and transfer of student educational information collected and maintained pertinent to the education of all students to ensure the confidentiality of the information and to guarantee parents'/guardians' and students' rights to privacy. These policies and procedures are in compliance with:

The Family Education Rights and Privacy Act; Title 20, United States Code, Sections 1232g and 1232h; and the Federal Regulations (34 C.F.R., Part 99) issued pursuant to such act;

Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism Act of 2001 (USA PATRIOT ACT);

Every Student Succeeds Act (ESSA) of 2015;

The Individuals with Disabilities in Education Act: 20 U.S.C. Chapter 33; and the Federal Regulations (34 C.F.R. Part 300); and

Arizona Revised Statutes, Title 15, sections 141 and 142.

The Individuals with Disabilities Education Act (IDEA) is a federal law that protects the rights of students with disabilities.

In addition to standard school records, for children with disabilities, education records could include evaluation and testing materials, medical and health information, Individualized Education Programs (IEP) and related notices and consents, progress reports, materials related to disciplinary actions and mediation agreements. Such information is gathered from a number of sources, including the student's parents and staff of the school of attendance. Also, with parental permission, information may be gathered from additional pertinent sources, such as doctors and other health care providers. This information is collected to assure the child is identified, evaluated and provided a Free Appropriate Public Education in accordance with state and federal special education laws.

Each agency participating under part B of IDEA must assure that all stages of gathering, storing, retaining and disclosing of education records to third parties complies with the federal confidentiality laws.

In addition, the destruction of any education records of a child with a disability must be in accordance with IDEA regulatory requirements.

RIGHT TO INSPECT AND REVIEW

Student education records are collected and maintained in the office of the child's school and/or the Student Support Department under the supervision of the school Principal and/or the Director of the Student Support Department. Student education records help in the instruction, guidance and educational progress of the student, to provide information to parent(s)/guardian(s) and staff members, to provide a basis for the evaluation and improvement of school programs and for legitimate educational research. The students' records maintained by the District may include – but are not necessarily limited to, identifying data, report cards and transcripts of academic work completed, standardized achievement test scores, attendance data, reports of psychological testing, health data, teacher or counselor observations and verified reports of serious or recurrent behavior patterns. Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll. Otherwise, records are not released to most agencies, persons or organizations without prior written consent of the parent(s)/guardian(s).

Parents of eligible students have the right to inspect and review the student's education records maintained by the school within 45 days of a request made to the school administrator. Schools are not required to provide copies of records unless it is impossible for parents of eligible students to review the records without copies. Parent(s) may request a copy of materials contained in the child's record, when it is not practicable for the parent(s) to inspect and review the records at the school. Schools may charge a fee for copies.

Prior to review, the parent(s) must sign the Request to Examine Confidential Records form, which identifies the records they wish to inspect. The parent(s) will be notified of the time and place where the records may be inspected. The parent(s) may review all student records prior to any Individualized Education Program (IEP) meeting or hearing relating to the identification, evaluation or placement of the child.

School personnel will be available to explain the contents of the records to the parent(s).

RIGHT TO AMEND EDUCATION RECORDS

Parent(s) may request that the District amend a record and to add comments of their own, if they believe information in the record file is inaccurate or misleading. The request should be made in writing to the school Principal, clearly identifying the part of the record the parent(s) want changed and specifying why it is inaccurate or misleading. If the school decides not to amend the record as requested, the parent(s) will be notified of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedure will be provided to the parent(s) when notified of the right to a hearing. After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to place a statement with the record setting forth his or her view about the contested information.

The District is responsible for any notices to parents required under FERPA.
- Upon the request of another school district, where the student seeks or intends to enroll, all student records, including but not limited to disciplinary records and medical records, are transferred where the student is seeking or intends to enroll on a full or part-time basis.

It shall be a violation of this policy for any student in the Tempe Elementary School District No. 3 to harass another student or any staff member through conduct or communications of a sexual nature as defined in Governing Board Policy ACA.

Anyone who is a victim of sexual harassment, or knows of the occurrence of such conduct, should immediately inform the Principal, Assistant Principal or Superintendent. All matters involving sexual harassment will remain confidential unless disclosure is required by law or it is determined to be necessary by the Superintendent or his/her designee.

STUDENTS PLACED BY THE DISTRICT AT THE ARIZONA SCHOOL FOR THE DEAF AND THE BLIND

This District will notify the Arizona School for the Deaf and the Blind (ASDB) of ASDB's obligation to notify the District of all reports and

investigations of sexual harassment involving the District's students that occur on ASDB's premises, in any of ASDB's programs or on ASDB buses that transport students to and from ASDB. Once the District is notified by ASDB that a report of sexual harassment has been made, the District shall be responsible for confirming that ASDB conducts a prompt investigation and that ASDB provides the District with the results of the investigation, including what remedial or disciplinary action will be/have been taken to address the matter, if any such action is warranted.

PARENT CONCERNS

A parent who has concerns about any disciplinary matter involving a student should initially speak to the staff member involved. If unable to come to a resolution with the staff member, the parent should contact the Assistant Principal or Principal. If necessary, a meeting will be held. If no resolution can be reached, the parent may contact the appropriate district administrator.

SEARCH AND SEIZURE

Students possess the right of privacy of person as well as freedom from unreasonable search and seizure of property guaranteed by the Fourth Amendment of the Constitution. This individual right, however, is balanced by the school's responsibility to protect the health, safety and welfare of all its students. School employees may conduct searches when they have reason to suspect that the health, safety or welfare of students may be in danger. The following search or seizure guidelines will be followed:

1. General searches of school property and personal items may be conducted at any time when there is a reasonable cause for school employees to believe that something which violates a law or school rule is on school property and when the search is reasonable in its scope. Also, searches may be conducted when a student, or parent, gives voluntary consent to search. Such searches may be made without the student present.
2. Illegal items (e.g. firearms, weapons, drugs, tobacco, alcohol) or other possessions reasonably determined to be a threat to the safety or security of others or which might interfere with school purposes may be confiscated.
3. Items that disrupt or interfere with the educational process may be removed from a student's person.
4. A student's person may be searched when there is reasonable cause to believe that the student is in possession of illegal or prohibited items.
5. The school maintains ownership of student lockers and storage areas. Student lockers and storage areas may be searched on a periodic basis to protect the health, safety and rights of the students.

DISCIPLINARY ALTERNATIVES

The following are disciplinary options that school officials may use when a student engages in conduct warranting disciplinary action:

INFORMAL TALK

A school administrator, teacher and/or counselor talks with the student to explain how the student should behave.

CONFERENCE

A school administrator meets with the student. The school counselor and/or other school employees may participate in the conference as well. A behavior intervention plan may be created for the student. This action is recorded in the student's Discipline Profile.

PARENT NOTIFICATION

The parent is notified about the student's misconduct and may be asked to meet with the student, school personnel and any other appropriate individuals. This action is recorded in the student's Discipline Profile.

SUSPENSION OF PRIVILEGES

The student is prohibited from participating in one or more non-academic activities. Examples of privileges that may be temporarily suspended include, but are not limited to: recess, school dances, assemblies, field days, athletics, transportation on District vehicles, field trips, or promotion activities. This action is recorded in the student's Discipline Profile.

DETENTION

The student is kept after school and assigned academic or other work during the period of detention.

IN-SCHOOL SUSPENSION (ISS) or IN-SCHOOL INTERVENTION (ISI)

The student is reassigned to an ISS/ISI classroom for one to ten days. The student is supervised by a certified teacher and is expected to complete regular class assignments and to follow specified behavioral guidelines. IEP goals and objectives for Special Needs students will continue to be met during the period of in-school suspension/in-school intervention. This action is recorded in the student's Discipline Profile.

INTRODUCTION

Tempe Elementary School District No. 3 has developed a strict District-wide Zero Tolerance Program to ensure safe and appropriate behavior. Unsafe or inappropriate conduct while traveling to or from the bus stop, or at a bus stop or while riding the bus may result in disciplinary action.

The strength of this program is drawn from the consistent application and enforcement of the program at all levels. The success of the Zero Tolerance Program relies on swift intervention by the drivers, the Transportation Department, school administrators and parents alike. The bus driver will refer student misconduct to the Principal or designated representative, who then will discuss the matter with the student. Appropriate warning or bus suspension will be communicated to the student in person and to the parent or guardian by telephone and/or in writing. Students have the privilege of riding District transportation, however, when a student fails to practice

BEHAVIOR INTERVENTION PLAN

A customized, written behavior intervention plan is created for the student. This action may be recorded in the student's Discipline Profile.

PARENT CUSTODY

The student is released from school with two (2) hours of dismissal for the remainder of the school day in the custody of the student's parent(s). This action is recorded in the student's Discipline Profile.

SHORT-TERM SUSPENSION

(one to ten consecutive school days)

The student's privilege of attending school is temporarily withdrawn for one to ten consecutive school days. The student may not come onto District property or attend District functions. This action is recorded in the student's Discipline Profile.

LONG-TERM SUSPENSION

(eleven or more consecutive school days)

The student's privilege of attending school is temporarily withdrawn for eleven or more consecutive school days. The student is allowed to return to school on a specified date. The student may not come onto District property or attend District functions during the period of suspension without prior approval of the Superintendent. This action is recorded in the student's Discipline Profile.

SUMMARY SUSPENSION

The student is immediately removed from school because the student appears to present a clear and present danger to self or others. Due process procedures are initiated as soon as practicable. This action is recorded in the student's Discipline Profile and the student's Disciplinary File.

EXPULSION

The student's privilege of attending school is permanently withdrawn and the student is prohibited from attending any school in the District. The student may not come onto District property or attend District functions without prior approval of the Governing Board. This action is recorded in the student's Discipline Profile and the student's Disciplinary File.

STUDENT TRANSPORTATION

safe and proper conduct, the privilege may be suspended. (See School Bus Misconduct Form in this handbook).

To provide a better and safer environment for all children, buses are equipped with video surveillance cameras. These systems have both audio and video recording capability. Due to confidentiality laws, school bus video viewing is restricted, on a need-to-know basis, to students and District staff only.

Students who are transported on buses, or other vehicles provided by the District are under the authority of the driver who is operating the vehicle. Students are also required to follow District policies, regulations and rules while being transported. Parents are requested to review transportation rules with students and encourage appropriate behavior. Drivers have the authority and the responsibility to stop a bus or proceed to a campus, if in the driver's opinion, student(s)' behavior has impaired

All students in Tempe Elementary School District No. 3 who ride buses are subject to **policies and regulations designed to provide safe transportation**. These policies and regulations (contained in Governing Board Policy EEAE and EEAE) are available for review on campuses and at the District Office. Any behavior which distracts the driver is considered a serious hazard to the safe operation of the bus, and as such, jeopardizes the safety of all passengers, the driver, and others. Please remember that **riding the bus is a privilege**, not a right, and as such the consequences of misconduct could result in your child being denied transportation. Furthermore, be advised that a student suspended from riding the bus is also prohibited from riding buses on field trips and for other activities, and may therefore be denied the opportunity to participate on such trips. Suspension of bus riding privileges does not relieve parents of the responsibility of sending a child to school. Each of these rules is considered extremely crucial to the safe operation of our school buses, and has been established by the School Governing Board under Policy EEAE and in accordance with Arizona State Administrative Code, as a way to **protect all children**. It is therefore imperative that your child follow these rules.

STUDENT TRANSPORTATION (cont'd)

his or her ability to safely operate the bus. If an afternoon bus seems to be running more than 30 minutes late, parents are encouraged to contact either the school or the Transportation Department at **(480) 642-1540, then press 1 for an operator.**

Morning buses can sometimes be delayed due to traffic conditions, street repairs or bus mechanical problems. Children are advised to be at the bus stop no more than 10 and no less than 5 minutes before their scheduled pickup time. If the bus is more than 15 minutes late, the student who lives closest to the bus stop, and who has access to a phone, should call **(480) 642-1540, then press 1 for an operator.** The other children should remain together at the bus stop. Clocks and other timekeeping devices vary. The correct time (used by our transportation department) can be seen at **www.time.gov.**

SPECIFIC RULES

The following specific rules must be followed on all District vehicles:

1. Obey the driver at all times.
2. All students must ride their assigned bus, to and from their assigned stop. If you wish for your child to ride a different bus or a different bus stop, it is necessary that the school receive a signed and dated note. Otherwise the school staff nor the driver will allow your child to ride a different bus.
3. Remain properly seated (facing forward, feet towards the floor and out of the aisle, back against the seat back) until the bus or vehicle has completely stopped and the door has been opened.
4. Keep the aisles clear: no feet, bags or musical instruments are allowed in the aisles. Backpacks must be held in laps.
5. Keep hands, arms, feet, legs and head inside the vehicle.
6. Keep windows up at all times unless instructed otherwise by the driver.
7. Do not throw anything at the bus, inside the bus or from the bus.
8. No eating, drinking (other than water) or chewing gum allowed on school buses.
9. Maintain orderly conduct at bus stops or other designated loading/unloading spots.
10. Weapons, tobacco, alcohol, drugs, laser pointers, balloons of any kind and skateboards are prohibited.
11. Glass items, large items or sharp objects are not to be transported on school buses.
12. Animals and insects are not allowed on school buses. If these are needed for class purposes, it is recommended that parents transport them to and from school.

13. No headphones of any kind are allowed to be used while on the bus. No cell phones, cameras or MP3-type players may be used or out of backpacks at anytime on the bus. These items may be confiscated if seen. The District will not investigate if these types of items become lost or stolen.
14. No verbal or visual profanity, no gang signing and no screaming while on the bus. Talk quietly or in a normal indoor conversational voice at all times.
15. No perfumes, hairsprays, colognes, fragranced items or other aerosols may be sprayed on the bus or immediately before boarding the bus due to potential for serious respiratory reaction by others.
16. Parents and other non-TD3 students are prohibited from entering the bus.
17. All athletic-type balls must be transported in a backpack or athletic-type bag.

LIABILITY FOR DAMAGE TO A DISTRICT VEHICLE

Students who cut, deface or otherwise damage a school vehicle may be denied transportation privileges and may be suspended or expelled from school. Under Arizona law, parents are liable for damage done to school property by their children and they will be charged for the cost of such damage.

DISCIPLINARY ACTION FOR VIOLATION OF TRANSPORTATION RULES

In emergency situations, or for serious violations, transportation privileges may be revoked without prior notice. Suspension of transportation privileges for up to one school year may be imposed at the Principal's discretion.

PARENT'S RESPONSIBILITY TO TRANSPORT

The withdrawal of transportation privileges does not relieve parent(s) of the responsibility of sending the student to school. A.R.S. §15-802 (A). A parent's inability to transport or arrange transportation for his/her child will not be considered as a basis for revoking a suspension.

NON BUS RIDER SAFETY

Please show your child which route you would like him/her to follow to and from school. **Children should not be on the school campus more than 30 minutes before school starting time.** All students need to obey the crossing guard and follow instructions. Students should walk in groups when possible. **Skateboards, scooters, roller blades and roller skates are not allowed on school grounds.**

BICYCLES

Students in grades three through eight shall be allowed to ride their bicycles to and from school and park them on school premises, at their own risk, during school hours. **Students in grades kindergarten through second grade may be allowed to ride their bicycles to and from school only upon written notification to the Principal from their parents or guardians.**

Parents are encouraged to remind their children of the need for safety when riding bicycles.

Students who ride bicycles are expected to:

1. Walk bicycles across intersections and while on school grounds.
2. Park bicycles in the space provided and go directly to the playground or into the building.
3. Lock bicycles. The District cannot assume responsibility for loss or damage.
4. Walk or ride bicycles with (in the same direction as) traffic, using bike lanes when available.
5. The use of helmets is highly recommended.

STUDENT DRESS

The District encourages students to take pride in their attire as it relates to the school setting. Students should dress in a manner that, in addition to the following guidelines, takes into consideration the educational environment, safety, health, and welfare of self and others. Students' dress shall be neat, clean, and in good taste. The administration is authorized to require students to change their attire in instances where individual dress does not meet the stated requirements. A student who refuses to do so will be subject to suspension. Continued refusal may result in expulsion.

- Shoes must be worn at all times. Closed shoes are to be worn for any type of physical activity, such as physical education and recess.
- Jewelry shall not be worn if it presents a safety hazard to self and/or others.
- Profane or defamatory writing on clothing or jewelry is not acceptable.
- No hats may be worn inside school buildings by male or female students, except for properly approved occupational safety headgear required for special classes.
- Gang-related personalization is not permitted on hats, on items of clothing, or on one's person.
- Obscene language or symbols, or symbols of drugs, sex, alcohol or tobacco on clothing are expressly prohibited.

If your school has uniforms, you must adhere to its guidelines. On special days (i.e., holidays, spirit days) the dress code may be modified when permitted by the administration. Students will be allowed to wear protective outside clothing. Please properly mark your child's jacket, sweater, lunch box, etc., with your child's full name so that these items are easily identifiable. Lost and found areas are provided in the schools for lost articles.

ELECTRONIC DEVICES/CELL PHONES

Electronic Devices, including cell phones, smartphones, iPods, Game Boys, tablets, laptops, and smart watches, etc. are not allowed to be used at school if they are found to be a disruption in an educational environment. While we know that cell phones can be disruptive at school, we realize that many parents are choosing to have their child carry a cellular phone for before and/or after school communication and safety purposes.

If you, as a parent or guardian, have decided that it is necessary for your child to carry a cell phone, we ask that you be aware of the following and discuss this with your child:

- The Tempe District does not assume responsibility for the loss of, or damage to, personal property. If your child has a cell phone on campus or on the bus and it is damaged or stolen, we will not be able to utilize administrative time to investigate the incident, nor will the District be able to take any financial responsibility for the cell phone or cell phone charges.
- Cellular phones must be turned off and in backpacks or otherwise out of view at all times while on the school campus and on the bus. If a student has a cell phone out while on campus during the school day or on the bus, or if the cell phone is a disruption or distraction in any way, it will be confiscated and the parent/guardian will need to come to the school office to pick it up. Repeated occurrences will result in appropriate disciplinary action.

Please assist us in keeping our learning environment free from distractions.

I.D. BADGES

Middle School students are expected to wear ID badges on campus, on the bus, and to all school sponsored activities. Failure to wear an ID badge may result in loss of privileges and/or disciplinary action.

PROHIBITED CONDUCT

Set forth below are categories of prohibited conduct that may subject a student to disciplinary action. This list is not meant to be exhaustive, but it does include many of the more common and/or serious kinds of prohibited conduct.

Prohibited conduct that is attempted but not completed may subject the student to discipline to the same extent as if the conduct was completed.

The categories of prohibited conduct are meant as guidelines only and are not intended to limit the District's ability to discipline students if the District determines that the student's conduct generally falls within the parameters of the categories of prohibited conduct or otherwise warrants disciplinary action.

Students may be subject to discipline for engaging in prohibited conduct: possession, use, sale, sharing, or distribution of tobacco, alcohol, drugs or drug paraphernalia:

1. While the student is going to and from school (including conduct at or near school bus stops and on the bus);
2. While the student is off campus during the normal school day (including release periods);
3. While the student is at a school event (on or off campus, during or after the normal school day)
4. In any other context in which the District may lawfully discipline the student.

Although all misconduct merits attention and action, the following misconduct will not be tolerated:

1. Continued open defiance of authority, habitual profanity or vulgarity;
2. Conduct involving weapons (including, but not limited to: firearms, slingshots, knives, explosive devices, pepper spray or a simulated weapon, which means an instrument displayed or represented as a weapon);

The Gun-Free Schools Act and state statute generally require a one-year minimum expulsion of any student who brings a firearm to school.

3. Conduct involving illegal and/or prohibited substances (including, but not limited to: possession, use, sale, sharing, or distribution of tobacco, alcohol, drugs or drug paraphernalia);

TD3 IS A "DRUG-FREE ZONE"

Sale, sharing, and/or distribution of narcotics or illegal drugs **will** result in the student or students being recommended for **expulsion** from school. Students accepting or purchasing an illegal substance will result in the recommendation of a long-term suspension. Students possessing or using illegal drugs may be recommended for long-term suspension or expulsion.

4. Conduct involving property damage, vandalism and/or arson; (Arizona law makes parents liable for damage done to school property by their children.)
5. Conduct involving physical and/or verbal assault, aggression, bullying, intimidation, sexual or other harassment; (Anyone who is a victim of, or knows of the occurrence of such conduct, should immediately inform the Principal, Assistant Principal or Superintendent.)
6. Conduct involving extortion or theft; and
7. Conduct involving insult or abuse of school employees on school grounds or while a teacher is engaged in the performance of his/her duties (a misdemeanor, pursuant to A.R.S. §15-507).
8. Conduct involving the misuse of technology.

MANDATORY EXPULSION RECOMMENDATION

For the following offenses committed in school buildings, on school grounds, on school buses or at school bus stops, going to and from school, using district property for any purpose, or attending a district-sanctioned event, there will be a mandatory referral of expulsion to the Governing Board:

- Possessing, use of, or assisting another person in possessing a firearm (as defined in JICI Weapons in School), loaded or unloaded, operable or inoperable;
- Possessing, use of, or assisting another person in possessing a BB/pellet gun;
- Selling, sharing, or distributing of narcotics or illegal drugs;
- Threat against an institution;
- Possession and/or use of explosive devices other than fireworks.

The school administration is required by A.R.S. §15-515 to notify the police regarding a student's misconduct involving weapons.

The categories of misconduct and range of possible consequences on pages 22-27, are examples of the kinds of misconduct requiring discipline and are not intended as a complete list of all possible types of misconduct. The guidelines for discipline represent the usual range of consequences for the types of misconduct listed.

The guidelines will be followed unless the Principal and the Superintendent agree on a more or less severe consequence warranted by the unusual circumstances of the offense or the history of the offender. For any misconduct that is not listed, the Principal and the Superintendent will agree on a consequence that is similar and consistent with the examples that are listed.

DUE PROCESS PROCEDURES FOR SHORT-TERM SUSPENSION, LONG-TERM SUSPENSION AND EXPULSION

SHORT-TERM SUSPENSION (1-10 consecutive days)

Step 1: Informal Due Process Hearing

1. The student is told what he/she is accused of doing and the evidence that exists to support the allegation. The student is then given the opportunity to explain his/her version of the situation.
2. The school Principal/designee involved will make reasonable efforts to verify facts and statements prior to making a decision regarding discipline.
3. The school Principal/designee may immediately suspend a student whose presence creates a danger to self or others. Due process procedures will be initiated as soon as practicable.

Step 2: Decision Regarding Discipline

1. After the informal due process hearing, the school Principal/designee may:
 - Suspend the student for up to ten (10) days;
 - Choose other disciplinary alternatives;

2. A written record of the decision will be kept in the student's Discipline Profile.
3. No appeal is available from the imposition of a short-term suspension.

Step 3: Notice Regarding Discipline

1. Reasonable efforts shall be made to notify the parent(s)/guardian(s) of the decision to impose the short-term suspension. If such notification is not possible, the student will be isolated until dismissal time and then given a written message to be delivered to the parent(s)/guardian(s) by the student.
2. A letter will be sent to the parent(s), guardian(s) or emancipated minor within a reasonable time to explain the terms (including the possibility that a long-term suspension and/or expulsion is being recommended) and reasons for the suspension.

3. Prior to the student's readmission to school, a conference will be scheduled with the parent(s), guardian(s) or emancipated minor to discuss the student's conduct and to explore possible solutions to the student's problem(s).

Homework and Class Assignments

The student or his/her parent(s)/guardian(s) may request that his/her teacher(s) make homework and/or class assignments available at a designated location. The student is responsible for making such arrangements and to have the completed assignments returned to the teacher(s) for grading and credit. Students who successfully complete such assignments will be given a reasonable time to make up tests upon returning to school.

Restrictions

During the period of suspension, the student is not permitted on District property and is not permitted to participate in District functions or activities without special permission and prior approval of the appropriate supervising Director.

LONG-TERM SUSPENSION (11 or more consecutive days)

Step 1: Informal Due Process

1. The student is told what he/she is accused of doing and the evidence that exists to support the allegation. The student is then given the opportunity to explain his/her version of the situation.
2. The school Principal/designee involved will make reasonable efforts to verify facts and statements prior to making a decision regarding discipline.
3. The school Principal/designee may immediately suspend a student whose presence creates a danger to self or others. Due process procedures will be initiated as soon as practicable.

Step 2: Decision Regarding Discipline

1. After the informal due process hearing, the Superintendent or Superintendent's designee may:
 - Proceed with a recommendation for long-term suspension;
 - Choose another disciplinary alternative;
 - Exonerate the student; or
 - Immediately impose a short-term suspension pending imposition of a long-term suspension.
2. A written record of the decision will be kept in the student's Discipline Profile.

DUE PROCESS PROCEDURES FOR SHORT-TERM SUSPENSION, LONG-TERM SUSPENSION AND EXPULSION (cont'd)

Step 3: Notice of Intent to Impose Long-Term Suspension

This letter should contain the information required pursuant to Policy JKD.

Step 4: Request for a Formal Due Process Hearing

The parent(s), guardian(s) or emancipated minor may submit a written request for a formal hearing. The request must be received by the Superintendent **within five (5) working days** after the Notice of Intent to Impose a Long-Term Suspension has been hand-delivered or **within ten (10) working days** if mailed.

Step 5: Imposition of Long-Term Suspension When Hearing is Not Requested

If the Superintendent does not receive a written request for a formal hearing within five (5) working days after the Notice of Intent to Impose a Long-Term Suspension has been hand-delivered or within ten (10) working days, if mailed, the suspension shall take effect as approved by the Superintendent.

Step 6: Notice of Hearing

If a timely written request for a formal hearing is received, a hearing date will be scheduled within five (5) working days after the request has been received. Written notice regarding the hearing will be provided to the parent(s), guardian(s) or emancipated minor no less than five (5) working days prior to the hearing. This letter shall include the information required pursuant to Policy JKD.

Step 7: Formal Due Process Hearing

1. The Superintendent or Superintendent's designee shall act as the hearing officer.
2. The student shall be allowed to remain in school pending the outcome of the hearing, unless the student's presence in school constitutes a danger to the student or others or unless a short-term suspension has been imposed and is in effect.
3. The hearing may be rescheduled: (1) upon request of the parent(s), guardian(s), emancipated minor or the administration, if good cause is shown; (2) upon written agreement of the parties; or (3) as deemed necessary by the Superintendent/designee.

Step 8: Hearing Findings and Decision

1. The Superintendent/designee shall prepare a written decision within five (5) working days after the hearing. Copies of the decision shall be provided to the parent(s), guardian(s) or emancipated minor and Principal.

3. The suspension shall be reported to the Governing Board within five (5) working days.

Step 9: Appeal to Governing Board

1. The Superintendent's decision of long-term suspension may be appealed to the Governing Board. The appeal must be in writing and submitted to the Governing Board within five (5) working days after the decision has been hand-delivered or within ten (10) working days of the date the decision was mailed to the parent(s), guardian(s) or emancipated minor and Principal.
2. The notice of appeal shall indicate the specific factual and/or legal basis for the appeal.
3. The Governing Board shall review the appeal in executive session at its next regularly scheduled board meeting or within 14 working days, whichever is more appropriate.
4. The parent(s)/guardian(s) or emancipated minor shall be provided notice of the date, time and place of the executive session at which the appeal is to be considered by the Board; notice of their right to attend; and notice of their right to the minutes and testimony or to record the session at their own expense. The parent(s)/guardian(s) or emancipated minor may object to having the review of the appeal considered in executive session. Such objections must be made in writing to the Board at least thirty-six (36) hours prior to the Governor Board meeting. Upon receipt of the objection, the review will be held in open meeting once appropriately noticed on a Board agenda, but in no event later than the next regularly scheduled Board meeting after the objection is received.

Step 10: Governing Board Decision

1. The Governing Board may affirm the decision of the Superintendent, schedule another hearing, modify the recommended punishment or take other appropriate action.
2. If the Governing Board affirms a long-term suspension, the suspension shall become effective the day after the Governing Board makes its decision. The Governing Board's decision is final.

DUE PROCESS PROCEDURES FOR SHORT-TERM SUSPENSION, LONG-TERM SUSPENSION AND EXPULSION (cont'd)

3. Written notice of the decision shall be provided to the parent(s), guardian(s) or emancipated minor.

Restrictions

During the period of suspension, the student is not permitted on District property and may not participate in District functions or activities without special permission and prior approval from the appropriate supervising District-level Administrator. The student is also prohibited from enrolling in any District school during the period of long-term suspension.

EXPULSION

Step 1: Informal Due Process

1. The student is told what he/she is accused of doing and the evidence that exists to support the allegation. The student is then given the opportunity to explain his/her version of the situation.
2. The school Principal/designee involved will make reasonable efforts to verify facts and statements prior to making a decision regarding discipline.
3. The school Principal/designee may immediately suspend a student whose presence creates a danger to self or others. Due process procedures will be initiated as soon as practicable.

Step 2: Decision Regarding Discipline

1. After the informal due process hearing, the Superintendent or Superintendent's designee may:
 - Proceed with a recommendation for expulsion;
 - Choose another disciplinary alternative;
 - Exonerate the student; or
 - Immediately impose a short-term suspension pending imposition of expulsion.
2. A written record of the decision will be kept in the student's Discipline Profile.

Step 3: Notice Regarding Discipline

If expulsion is recommended, written notice that expulsion is being recommended will be mailed to the parent(s) or guardian(s).

Step 4: Written Notice of Intent to Expel and Notice of Due Process Hearing

A Written Notice of Intent to Expel and Notice of Hearing to the responsible parent(s) or guardian(s) will be mailed by certified mail

return receipt requested or delivered by hand (with adult witness present) at least five (5) working days prior to the formal hearing. A copy of this letter will remain on file, and the letter shall contain the information required pursuant to Policy JKD, including, but not limited to, the following:

1. A statement of the charges and the rule or regulation violated, the extent of the punishment to be considered, the date, time and place of the hearing and notice of the right to object to the Governing Board's decision to hold the hearing in executive session and the letter shall contain the information required pursuant to Policy JKD, including, but not limited to, the following:
 - A statement of the charges and the policy, regulation, or rule violated;
 - The extent of the punishment to be considered;
 - The date, time, and place of the hearing; and
 - Notice of the right to request that the hearing be open to the public.

Step 5: The Formal Due Process Hearing

1. The formal hearing will consist of the following minimum requirements:
 - The student will be informed of the charges and the rules or regulations that he/she is alleged to have violated.
 - The student and/or parents/guardians may testify and introduce evidence.
 - The student may be represented by counsel.
 - The student may present witnesses and introduce documentary evidence.
 - The student or his/her counsel may cross-examine witnesses presented by the administration.
 - The administration may cross-examine the student's witnesses and introduce documentary evidence.
 - The Governing Board or hearing officer may cross-examine witnesses.

DUE PROCESS PROCEDURES FOR SHORT-TERM SUSPENSION, LONG-TERM SUSPENSION AND EXPULSION (cont'd)

- The administration will bear the burden of proof for the offenses alleged.
 - The hearing will be recorded either on tape or by some other appropriate manner. The student may tape-record the meeting at his/her own expense.
2. The student shall be allowed to remain in school pending the outcome of the hearing, unless the student's presence in school constitutes a danger to the student or others or unless a short-term suspension has been imposed and is in effect.
 3. The hearing may be rescheduled: (1) upon request of the parent(s), guardian(s), emancipated minor or the administration, if good cause is shown; (2) upon written agreement of the parties; or (3) as deemed necessary by the Superintendent/designee.

Step 6: Governing Board Decision

1. If the hearing is conducted by a hearing officer, the hearing officer will hear the evidence, prepare a record and make a recommendation to the Governing Board. A copy of the hearing officer's findings of fact, conclusions and recommendation shall be sent to the parent(s)/guardian(s), Superintendent and Governing Board within five (5) working days after the hearing concludes if hand-delivered or faxed, or within ten (10) working days if mailed. The hearing officer's recommendation may be appealed by the parent(s) or guardian(s). The Governing Board will review the record and the hearing officer's recommendation and

make its decision. Pursuant to A.R.S. §15-843(H), the student, parent(s)/guardian(s) or their legal counsel may attend any executive session pertaining to proposed discipline.

2. If the Governing Board conducts the hearing, the Governing Board will make its decision based upon the evidence presented.
3. If the Governing Board votes to expel the student, the expulsion will become effective the day after the Governing Board makes its decision. The decision of the Governing Board is final.
4. The parent(s), guardian(s) or emancipated minor will be provided with written notice of the decision.

Restrictions

An expelled student is prohibited from enrolling in any school in the District unless and until an application for readmittance is granted. An expelled student is not permitted on District property and may not participate in District functions or activities without special permission and prior approval from the appropriate supervising Director.

Step 7: Readmittance

An expelled student may apply for readmittance by written application through the Superintendent. Consideration will be given pursuant to Policy JKD.

DUE PROCESS PROCEDURES FOR STUDENTS WITH DISABILITIES

CHANGE OF PLACEMENT

A disciplinary placement change occurs for a student with a disability if: (1) the removal is for more than ten (10) consecutive school days; or (2) the student has been subjected to a series of removals that constitute a pattern:

- Because the series of removals total more than ten (10) school days in a school year;
- Because the student's behavior is substantially similar to the student's behavior in previous incidents that resulted in the series of removals; and
- Because of additional factors, such as the length of each removal, the total amount of time the student has been removed, and the proximity of the removals to one another.

School personnel determine on a case-by-case basis whether a pattern of removals constitutes a change of placement.

SHORT-TERM SUSPENSION

To the extent removal would be applied to non-disabled students, school personnel may remove a student with a disability from his/her current placement for a violation of school rules:

1. For not more than ten (10) consecutive school days; and
2. For additional removals of not more than ten (10) consecutive school days in that same school year for separate incidents of misconduct, as long as those removals do not constitute a change of placement.

If a student is removed from his/her current placement for more than ten (10) days during the same school year and is eligible for special education and related services under the IDEA, then the school must provide educational services sufficient to enable the student to

DUE PROCESS PROCEDURES FOR STUDENTS WITH DISABILITIES (cont'd)

appropriately progress in the general curriculum and advance toward achieving IEP goals.

If a short-term suspension results in a change of placement, as described above, then a manifestation determination meeting must be held within ten (10) school days of any decision to change a student's placement for disciplinary reasons.

LONG-TERM SUSPENSION (11 or more consecutive school days) OR EXPULSION

Long-term suspensions [eleven (11) or more consecutive school days] or expulsions are a change in placement for a student with a disability. Therefore, a manifestation determination meeting must be held within ten (10) school days of any decision to change a student's placement for disciplinary reasons.

Step 1: Informal Due Process Hearing

1. The student is told what he/she is accused of doing and the evidence that exists to support the allegation. The student is then given the opportunity to explain his/her version of the situation.
2. The school official(s) involved will make reasonable efforts to verify facts and statements prior to making a decision regarding discipline.
3. The school Principal/designee may immediately suspend a student whose presence creates a danger to self or others. Due process procedures will be initiated as soon as practicable.

Step 2: Decision Regarding Discipline

1. After the informal due process hearing, the school Principal/designee may recommend long-term suspension or expulsion, choose another disciplinary alternative or exonerate the student. If the recommendation is for long-term suspension, expulsion or a short-term suspension that would result in the accumulation of more than ten (10) days short-term suspension which is determined to constitute a change of placement, the recommendation will not be acted upon until after the manifestation determination conference is held.
2. A written record of the decision will be kept in the student's Discipline Profile.
3. At the time the decision is made to recommend long-term suspension, expulsion or a short-term suspension that would result in the accumulation of more than ten (10) days short-term suspension which is determined to constitute a change of placement, the District shall provide to the parents written notification of the decision and the procedural safeguards provided under IDEA.

Step 3: Manifestation Determination Conference

The District must conduct a manifestation determination conference if it is contemplating a disciplinary removal of more than ten (10) consecutive school days or a removal that will constitute a change in placement. A District representative, the parent, and relevant members of the student's IEP Team (as determined by the parent and the District) must review all relevant information in the student's file, including the student's IEP, any teacher observations, and any relevant information provided by the parents.

The team must determine: (1) if the conduct in question was caused by, or had a direct and substantial relationship to, the student's disability; or (2) if the conduct in question was the direct result of the District's failure to implement the IEP. The conduct must be determined to be a manifestation of the student's disability if the team determines that the condition in (1) or (2) was met.

Alternative 1: If the team determines that the student's conduct was not a manifestation of his/her disability, then school personnel may apply the relevant disciplinary procedures in the same manner and for the same duration as the procedures would be applied to children without disabilities. However, the school must continue to provide educational services sufficient to enable the student to appropriately progress in the general curriculum and advance towards achieving IEP goals.

Note: If the student with a disability is entitled to Section 504 protections, but is not eligible under the IDEA, then the School is not obligated to provide educational services during periods of long-term suspension.

Alternative 2: If the MDR team determines that the student's conduct was a manifestation of his/her disability, the IEP Team must either: (1) conduct a functional behavioral assessment (FBA), unless the District had conducted an FBA before the behavior that resulted in the change of placement occurred, and implement a Behavioral Intervention Plan (BIP) for the student; or (2) if a BIP already has been developed, review the behavioral intervention plan, and modify it, as necessary, to address the behavior; and (3) the student must be returned to the placement from which the student was removed, unless the parent and the LEA agree to a change of placement as part of the modification of the behavioral intervention plan or unless special circumstances exist.

Alternative 3: School personnel may remove a student to an interim alternative educational setting (determined by the student's IEP team) for not more than forty-five (45) school days without regard to whether the behavior is determined to be a manifestation of the student's disability, if the student:

1. Carries a weapon to or possesses a weapon at school, on school premises, or to or at a school function under the jurisdiction of the State or a school district.

DUE PROCESS PROCEDURES FOR STUDENTS WITH DISABILITIES (cont'd)

2. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function under the jurisdiction of the State or a school district.
3. Has inflicted serious bodily injury upon another person while at school, on school premises, or at a school function under the jurisdiction of the State or a school district.

Notice: On the date on which the District makes the decision to make a removal that constitutes a change in placement, the District must notify the parents of that decision and provide the parents with the procedural safeguards notice.

Appeal Rights: The parent of a student with a disability who disagrees with any decision regarding a disciplinary placement or the manifestation determination may request an expedited due process hearing to appeal the decision. The District may also request a hearing if it believes that maintaining the current placement of the student is likely to result in injury to the student or others. The hearing must be requested by filing a complaint with the Arizona Department of Education.

When an appeal has been requested by either the parent or the District, the student must remain in the interim alternative educational setting pending the decision of the hearing officer or until the expiration of the time period provided for relative to the removal, whichever occurs first, unless the parent and the District agree otherwise.

DUE PROCESS PROCEDURES FOR STUDENTS WITH A 504 PLAN

Removal From School For Ten (10) Or More Consecutive School Days. Removal of a 504 student from school for more than ten (10) consecutive school days constitutes a "significant change in placement" and triggers re-evaluation and due process requirements.

A 504 team (or a "trained and knowledgeable group") must conduct a reevaluation to determine whether the student's misconduct was a manifestation of the disability. The evaluation data considered must be based on the kind of information necessary to make a competent professional decision and must be recent enough to afford an understanding of the student's current behavior. (NOTE: It is not sufficient for the team to determine only whether the student knows right from wrong.)

- a. If the team determines the misconduct is a manifestation of the disability, the student may not be expelled and the team must continue with its evaluation to determine whether the student's current educational placement is appropriate.
- b. If no such causation is found, the student may be excluded from school on the same basis as non-disabled students. The District need not continue to provide any educational services to the student during the period of long-term suspension or expulsion. The school must provide the parents with prior written notice of the District's intended action.

Non-consecutive Suspensions. A series of suspensions of less than ten (10) days each may create a pattern of exclusions that constitute a "significant change in placement."

When a student is being recommended for a suspension, which would cumulatively result in a suspension of more than ten (10) days,

the 504 team would first re-evaluate the student to determine whether the misconduct is a manifestation of the disability.

- a. If the team concludes the misconduct is not a manifestation of the disability, the student may be excluded from school on the same basis as non-disabled students. The district need not continue to provide any educational services to the student during the period of long-term suspension or expulsion. The school must provide the parents with prior written notice of the District's intended action.
- b. If the team determines that the misconduct is a manifestation of the disability, the team would then determine whether the additional days of suspension would constitute a "significant change in placement." The team must consider factors such as the length of each suspension, the proximity of the suspensions to one another and the total amount of time the child is excluded from school.
- c. If the team determines the additional suspension would constitute a "significant change in placement," the District cannot impose the suspension. The team could take other action, such as: reviewing placement options, revising the student's accommodation plan, seeking a court order to remove the student from school or obtaining a parental consent for a change in placement.

NOTE: In order to obtain a court order to remove a student from school, the District would be required to demonstrate that: (a) maintaining the student in his/her current placement is substantively likely to result in injury to himself/herself or others, and (b) the district has made reasonable efforts to accommodate the student's disability so as to minimize the likelihood that the student will injure himself/herself or others.

MANDATORY REPORTING OF CRIMINAL ACTIVITY TO LAW ENFORCEMENT

Due to the requirements of Arizona State Statutes (A.R.S. § 13-3620), school and school employees are required to report criminal activity to local law enforcement and report incidences of child abuse, neglect, sexual assault, and crimes against children to local law enforcement and

Child Protective Services. Recent changes in the law require schools to report threats, or rumors of threats, against schools, students, and school personnel. Schools must also report all incidents of non-accidental injury, which might occur during altercations at school.

DISCIPLINE PROCEDURES

The following chart shows the minimum and maximum range of disciplinary action that will be taken for each problem area. **These statements are guidelines only and do not limit the judgment of the administrator who must assess the situation and the student's behavior history.** School rules apply and students are subject to discipline including, but not limited to, the following: (1) any school activity/event, home or away, day or night; (2) to and from school or school activity, including bus stops; (3) in classrooms, on campus or on any district property.

FROM THE HEALTH OFFICE

EMERGENCY CONTACT INFORMATION

Notify the school office when you change: Phone numbers (home, work or cell); or home address. Also, notify the school office if there are changes of names and/or phone numbers for the persons you authorized to be contacted if you cannot be reached. It is important that the school be able to contact you if your child is sick or injured.

PHYSICAL EDUCATION

Check your child's schedule. On physical education days, make sure your child dresses appropriately and wears sneakers or closed-in shoes to prevent injury and enhance participation. If your student requires an excuse from P.E., please contact the school health office.

ILLNESS

Students who have been diagnosed with a communicable disease or who have symptoms that indicate a communicable condition should be kept at home for tender loving care. Before your student returns to school, the following criteria must be met:

1. If you take your child to a healthcare provider, please bring the physician report/release to return to school to the school health office before your child returns to class.
2. If antibiotics were prescribed, the student must complete 24 hours of medication dosage before returning to school.
3. The student should be fever-free for 24 hours (temperature below 99.8°F without the use of fever reducing medications) before returning to school.
4. The student must be free of diarrhea and vomiting for 24 hours before returning to school.
5. The period of contagion has passed.

MEDICATIONS

Children who require medications during school hours must have written parent/guardian permission on a school medication form. Prescription medication must be provided to the health office staff in the current, original container with the child's name on the prescription label. Over-the-counter medication must be provided in the original container and a school medication form must be completed by the parent/guardian. A separate consent for acetaminophen (non-aspirin pain reliever) is available from the health office staff. Antibiotics or other medications that are prescribed two to three times daily do not need to be given at school unless your child attends a before or after school program. If so, consult with the health office staff.

Medication cannot be sent to and from school with students. Parents/guardians must make arrangements to deliver and pick up medication from the school health office. The person picking up medication must be a parent or guardian, sibling 18 years or older, a family member or friend over the age of 18 as specified by the parent in writing or by telephone. Kid Zone staff is also acceptable. We will not transport medication on the school bus. According to (R17-9-104), "A school bus driver shall not assume responsibility for transporting any medication, whether prescription or over-the-counter that belongs to a passenger."

Self-administration of handheld inhaler, epinephrine, or diabetic management forms should be signed annually and the policy explained if a student will be transporting an inhaler, epinephrine, or diabetic supplies to and from school as well as carrying it while on campus. This complies with Arizona Revised Statutes (A.R.S. §15-341.A.38, A.R.S. §15-341.A.39, and A.R.S. §15-244.01.A1,2,3AR).

INSURANCE

The school does not provide health insurance for students. You may, however, purchase insurance through a private company. Insurance information is available from the school office.

IMMUNIZATIONS Shots and Health Records Needed

State law requires students to have immunizations to attend school. Students who have not started the immunizations or are overdue for the next dose will be excluded from school. Upon enrollment into an Arizona school, parents must provide the child's shot record that has been signed by a doctor's office or medical clinic.

Please note the immunizations required for school registration.

HEAD LICE/PEDICULOSIS

While head lice are not considered an infectious disease, they are more commonly found in children due to their close contact with each other. Parents should discourage their children from sharing personal items such as hats, scarves, head bands, helmets, brushes, combs, or pillows to decrease the likelihood of spread from one person to another. Lice are not a sign of poor hygiene and they do not spread disease. If someone in your child's class develops head lice, there is no reason to assume your child will "catch" head lice. Head lice are confirmed by the identification of a live louse on the head. Parents are encouraged to check their child's hair weekly and consult your school health office staff as a resource. Students identified with live lice will be sent home from school and should remain at home until properly treated and lice-free.

CHRONIC HEALTH

Please contact the school nurse if:

1. Your student's health history needs to be updated.
2. Your student will (or may) require healthcare during the school day.
3. You anticipate your student's chronic illness may cause intermittent absences. Medical Certification of Chronic Health Conditions forms are available and must be completed annually (one for each school year) by your student's healthcare provider. For example, if a child gets identified as chronically ill January 1, 2017, he/she will need a new form to cover August 2017-May 2018.

HEARING AND VISION SCREENINGS

The health office staff will be conducting hearing and vision screening throughout the school year. Please contact the school health office if you have questions about screening performed at your student's grade level. If you have concerns about your student's vision or hearing and would like him/her to be screened, please contact the health office to make that request. Results of screening are confidential. Parents/guardians will be notified of results by receiving a referral only if there are concerns about their child's screening results. Parents/guardians who do not want their child to participate in vision/hearing screening at school must contact the school health office to obtain and return a signed waiver of participation form.

GENERAL GUIDELINES

CHANGE OF ADDRESS OR PHONE NUMBER

Within five (5) days of a change, parents/guardians must provide the school office with the updated contact information. If an address changes, the parent/guardian must provide verifiable documentation of the new address. Examples include: utility bill, mortgage document, lease agreement, etc.

CHILD ABUSE REPORTING

Per state law, school employees must report reasonably suspected cases of child abuse, neglect, non-accidental injury, or sexual offenses against children to the Arizona Department of Child Safety (DCS) and local law enforcement agencies. Where parents are the alleged abusers, school personnel are not to notify parents. The Arizona Department of Child Safety (DCS) and law enforcement agencies are responsible for notification.

All school personnel are required to report if they reasonably believe that a minor is or has been the victim of abuse. Mandated reporters are protected by state law from civil or criminal liability.

GENERAL GUIDELINES (cont'd)

CHILD ABUSE REPORTING (cont'd)

Any child who is a suspected victim shall be made available to DCS and/or the Police Department for questioning. The investigating agency will determine whether school personnel should be with the child during questioning. The DCS worker and/or the police may interview the student and all other children residing in the home on school grounds outside of the presence of school personnel. They may conduct interviews with the child without permission or notice to the parents where the suspected perpetrator is a family member. DCS has the authority to obtain school records upon written request. (A.R.S. §13-3620).

CHILD FIND

In compliance with the Individuals with Disabilities Education Act (IDEA) 2004, Tempe Elementary School District No. 3 will conduct child find activities for children birth through 21 years old.

1. Review school records (from prior schools and school of current enrollment).
2. Complete a 45-day screening for school-aged children. (Private schools are requested to do the same.)
3. Document interventions attempted for school-aged children prior to referring for an evaluation.

Each school holds a Meet Your Teacher and a Curriculum Night at the beginning of the school year. We encourage all parents/guardians to attend. Teachers will give a brief presentation regarding the curriculum, academic expectations, and behavioral guidelines.

LIBRARY

Students are encouraged to check out books for independent reading. They are responsible for these materials and need to handle them with care and respect. Students who lose books and/or fail to return them will be asked to pay for the replacement of the book. Notices will be sent home with the student reminding them to look for their books. Students will also be asked to pay for the cost of replacing damaged books. Please make sure all books are returned to the school library before a student moves.

PARENT INVOLVEMENT

The Tempe Elementary School District recognizes the essential role that meaningful parent involvement plays in establishing effective learning environments. Meaningful parental involvement is defined as: 1) parent participation that supports the instructional program, 2) parent participation in the school-related decision making, and 3) parent participation that supports school/District-related activities. On-going pursuit of this goal enables the District to meet Federal and State requirements. As part of the Title I parental involvement policy (Section 1118 of the Elementary and Secondary Education Act of 1965), each school receiving Title I funds will develop a school-parent compact that outlines how parents, school staff, and students will share responsibility for improving student achievement. School compacts will be reviewed and revised as necessary annually.

To ensure effective involvement of parents and to support a partnership among the schools, parents and community for improving student achievement, the District shall provide the capacity for involvement. Capacity for involvement is provided through:

- Established district level councils. The structure of these committees ensures collaborative decision-making with parents as valued stakeholders.
- Parental involvement activities that include volunteering to serve on school council/committees.
- Training offered by various schools and district departments.
- Communication vehicles such as a school newsletter, school site council meetings, and annual Title I meetings.
- Collaboration between programs to be established through parent-staff meetings which involve parents of Title I students.
- Annual recommitment by parents, students, and teachers to the expectation outlined in the parent compact.

Parents need to be involved in creating a policy that establishes expectations for parental involvement and the means for carrying out the requirements. To this end, TD3 offers the following opportunities:

- Annual meetings held on all Title I campuses.
- School Site Council meetings held regularly to seek input.
- Communication avenues such as parent surveys, newsletters, parenting class, and written description of programs.
- PTO/PTA meetings held regularly.

The Tempe Elementary School District developed the following policies which ensure effective communication between the school, parents, and the community concerning student achievement while establishing a venue for parent and community involvement:

- Policy ABA Community Involvement
- Policy CE Administrative Councils, Cabinets, and Committees
- Policy IKAB Report Cards/Progress Reports
- Policy KA School-Community-Home Relations
- Policy KB Parental Involvement
- Policy KD Public Information and Communications

GENERAL GUIDELINES (cont'd)

PICK-UP OF STUDENTS

At times parents request that someone other than themselves pick up a child from school. For the safety of all students, we will only release students to adults listed as emergency contacts and will request individuals provide some proof of official identity prior to release. Parents wishing to change emergency contacts must do so by contacting the school office. Parents/guardians will also be asked to provide some proof of official identity when checking out students from school. Students must be picked up from school within 15 minutes after the dismissal bell. Parents/guardians unable to pick up students within 15 minutes after the dismissed bell must make arrangements for the students to be picked up. Parents/guardians must have valid contact numbers on file with the school. Students not picked up within 60 minutes of dismissal will be released to law enforcement officers.

REPORTING STUDENT PROGRESS TO PARENTS

Report cards are provided at the end of each quarter. In addition, progress reports are provided mid-quarter. Conferences for parents/guardians of children in kindergarten through eighth grade are scheduled in the fall and spring. Parents/guardians will be notified of a time to sign up for conferences or a conference notice will be sent home. Please confirm your time as soon as possible. You may reschedule if necessary – please indicate a convenient day and time when returning the conference notice. You may schedule additional conferences throughout the year. Please contact your child's teacher to arrange for a time.

SCHOOL NEWSLETTERS AND SCHOOL FLYERS

Families will receive a school newsletter on a regular basis, which will highlight important events, dates, and student activities and achievements. Occasionally other materials and bulletins may be sent to families. Students may be asked to occasionally take all notices and news home, and electronic messages may also be sent through our District's electronic flyer service, Peachjar.

In the past, our students often left school with their backpacks full of flyers. As part of Tempe Elementary School District's effort to be more eco-friendly and to embrace innovative technology, we have moved from paper to an electronic flyer delivery service. With our Peachjar program, eflyers will be posted online as visually engaging images as well as emailed to all parents. Parents interested in receiving eflyers should ensure that their school has their email contact information.

SCHOOL SAFETY

Tempe Elementary School District is committed to providing a safe learning environment for all students. In order to ensure this, emergency response procedures have been established for all schools. All school staff is trained to respond to emergencies and all schools conduct regular emergency drills. Additionally, depending on the type of emergency, a Crisis Response Team may respond to a school after an event. In the event of an emergency, the District uses a message service to deliver important information to parents and guardians, the messages are sent via telephone and/or email. Please ensure your phone number and email address are always kept up to date with the school office.

SECLUSION AND RESTRAINT PROCEDURES

In the Tempe Elementary School District, we work hard to ensure a safe learning environment for all students. The use of crisis management techniques such as restraint and/or seclusion is restricted to cases of imminent danger to the student or other persons. If a student has been restrained or secluded, parents are notified within the same school day, with written notification to follow.

SECTION 504 COMPLIANCE

In compliance with Section 504 of the Rehabilitation Act of 1973, no otherwise qualified individual with disabilities, shall solely by reason of his or her disability, be excluded from the participation in, be denied the benefits of, or be subjected to discrimination under any program or activity in Tempe Elementary School District No. 3. The law also requires that facilities be readily accessible for use by individuals with disabilities. The District intends to comply with the requirement of this law. Questions concerning the law may be addressed to the Student Support Department at the Sanchez Administration Center, 3205 S. Rural Road, Tempe. Counselors serve as Section 504 liaisons in the schools. An outline of grievance procedures is available at each school on request. The Americans with Disabilities Act (ADA) compliance officer for the District is located within the Student Support Department.

SPECIAL DIETARY REQUESTS

Nutrition Services will make meal accommodations if your student has a need for a special medically necessary diet. Requests for special diets must be submitted on the Tempe Elementary School District Special Medical Diet Request form and will require the signature of your student's health care provider. TITLE I PROGRAM

Title I, also known as Title 1 of the Every Student Succeeds Act (ESSA) of 2015, is the largest federal aid program affecting kindergarten through high school. This program funds school districts to support supplementary services designed to improve the educational performance of low-achieving children in high-poverty schools. It's based on four pillars: accountability for results; an emphasis on doing what works based on scientific research; expanded parental options; and expanded local control to use resources where needed most.

There are 15 Title I schools in the Tempe Elementary School District: Aguilar, Arredondo, Carminati, Connolly, Curry, Fees, Frank, Gililand, Holdeman, Hudson, Laird, Nevitt, Scales, Thew, and Wood Schools.

Following are 8 facts that every parent should know about how this historic law helps your child:

- Gives schools more money.
- Holds schools accountable for results in student achievement.
- Gives parents report cards so they can see which schools are succeeding and why.
- Focuses on teaching methods that have been proven to work.
- Provides funding to help teachers learn to be better teachers.
- Provides children with before/after school, and/or summer school extended learning to master subject matter.
- Requires states to test your child every year in grades three through eight in reading and math. Your child will also be assessed once in high school. The tests will help you, your child and your child's teachers know how well your child is learning and when he or she needs extra help. For more information on Title I, call **(480) 730-7162**.

VISITING SCHOOLS

Visitors are welcome at school, however, all visitors must abide by the school's visitor policy, which can be found on each school's website and posted in the front office. For the safety of all students, the front office staff will ask you to sign in. This requirement applies to all high school age and older visitors anytime school is in session. Visitors will be issued a security badge, which shall be clearly visible at all times while on campus. You may be asked to leave keys or a driver's license until you sign out and return the badge. Thank you for your cooperation.

VOLUNTEERING IN OUR DISTRICT

Tempe School District encourages parents/guardians and community members to volunteer. Involvement can include working in the classroom with students, helping with PTA sponsored activities, chaperoning a field trip, and helping our office staff. Volunteer handbooks and applications are available at all schools, at the district office, and our website at www.tempeschools.org, under the "Our Schools" tab.

Because student safety is of great concern, all volunteers are under the direct supervision of a certified staff member at all times. We appreciate your understanding as we take measures to ensure the safety of our students. As part of our process, we require all community volunteers and parents who wish to volunteer outside of their child's classroom or chaperone a field trip receive fingerprint clearance from the district office. Fingerprint appointments may be scheduled through our district office after a completed application is received. This service is provided at no cost and is valid for 3 years. The processing time to receive information from Arizona Department of Public Safety (AZ DPS) varies and we ask that you be fingerprinted at least 60 days before you wish to volunteer. Volunteering cannot begin until fingerprint clearance is received. If you have a valid fingerprint clearance card issued by AZ DPS, you do not need to schedule a fingerprint appointment through our district. You may provide a copy of the card when you submit the application.

Due to the length of time required for processing fingerprints, the last day for fingerprint appointments will be Thursday, April 7, 2017. Appointments for the 2017-2018 school year can be made the week of July 10, 2017.

We appreciate your support and time to our students, staff and our District.

STUDENT PROMOTION AND RETENTION

GENERAL CONSIDERATIONS

1. Students will generally be promoted annually, unless the student has not achieved District standards and/or state requirements for promotion to the next grade level.
 2. Teachers or IEP teams are responsible for determining whether the grade level (K-5) or subject area (Grades 6-8) promotion or retention standards have been met for the particular student.
 3. Teachers and IEP teams will take particular care in retaining a student more than once at a particular grade level or during the student's elementary school career.
 4. With substantiating data, a teacher may recommend that a student be exempted from one or more District standards for grade level promotion. The teacher's recommendation will be reviewed by the school's child study team, the IEP team or the school promotion/retention committee and the school Principal. The specific promotion standard exemption will be recorded in the student's file.
 5. Upon parental request, a teacher or IEP team may consider retaining a student who has met District requirements for promotion to the next grade level. The teacher's recommendation will be reviewed by the school's child study team, IEP team or the school promotion/retention committee and the school Principal. The parental request will be recorded in the student's file.
 6. Teachers will not recommend retention until all other available possibilities for continuous pupil progress have been considered (including, but not limited to, special help and remedial work).
 7. Teachers may provide parents with written notice and request a conference anytime a student's classroom performance is deficient.
 8. Teachers must provide parents with prior written notice regarding the student's unsatisfactory progress or achievement if the teacher intends to recommend retention.
 9. Parents will be notified by a classroom teacher no less than ten school days prior to the end of the school calendar year if the teacher is recommending retention.
 10. If a student is retained, the school will evaluate the appropriateness of the instructional program and consider modifying the program in order to better meet the student's needs the following year.
 11. Parents who disagree with the school's decision regarding promotion/retention may request that the Governing Board review the decision. The request must be in writing and submitted to the Superintendent's office within twenty weekdays from the last day of the school calendar year. The parents will be notified of the date, time and place that the Governing Board will conduct its review and provide the parents with a written copy of the Governing Board's decision.
2. Length of residency, chronological age and extent of social and cultural adjustment within a new society.
 3. The student's level of English language development (acquisition) as assessed on a state accepted language proficiency instrument and/or as demonstrated in classroom discussions and activities.
 4. The student's level of progress toward developing proficiency in English in the areas of listening, speaking, reading and writing.

K - 8 SPECIAL EDUCATION

1. When considering promotion or retention for a student receiving special education services, the teacher and IEP team will consider each of the following factors:
 - a. Extent of achievement of goals and objectives as stated in the student's IEP.
 - b. Extent of competency of regular curriculum objectives in mathematics, reading and language.
2. Grade level placement is a part of a student's educational program, and promotion/retention is a part of a change in placement determined by the IEP team.

THIRD GRADE RETENTION

Arizona Revised Statute Section 15-701 requires school districts to retain students in third grade if they obtain a score on the reading portion of the statewide assessment that does not demonstrate sufficient reading skills as established by the board.

In accordance with Arizona law, a school district governing board MAY be allowed to promote a student who earns a reading score on the statewide assessment that does not demonstrate sufficient reading skills if the student:

1. Is an English learner or a limited English proficient student as defined in section 15-571 and has had fewer than two years of English Language instruction.
2. Is in the process of a special education referral or evaluation for placement in special education, has been diagnosed as having a significant reading impairment, including dyslexia, or is a child with a disability as defined in section 15-761 if the student's individualized education program.
3. Has demonstrated or subsequently demonstrates sufficient reading skills or adequate progress toward sufficient reading skills of the third grade reading standards as evidenced through a collection of reading assessments approved by the State Board of Education, which includes an alternative standardized reading assessment approved by the state board.
4. Receives intervention and remedial services during the summer or subsequent school year pursuant to subdivision of this paragraph and demonstrates sufficient progress based on guidelines issued pursuant to subsection B, paragraph 6 of this section.

K - 8 ENGLISH LANGUAGE LEARNING (ELL) STUDENTS

When determining promotion or retention for an identified ELL student, the ELL classroom teacher will consider each of the following factors:

1. Extent of formal schooling experienced by the student, in his/her primary language, prior to enrollment in the District.

Information regarding the Arizona Revised Statute, A.R.S. § 15-701, can be found online at: <http://www.azed.gov/mowr/>.

REPORTING/COMPLAINT PROCEDURE

Students and others may report hazing to any professional staff member. Professional staff members must report the incident to the school administrator or next higher administrative supervisor, in writing, with such details as may have been provided. A failure by a staff member to timely inform the school administrator or next higher administrative supervisor of a hazing allegation or their observation of an incident of hazing may subject the staff member to disciplinary action in accord with School policies. The staff member shall preserve the confidentiality of those involved, disclosing the incident only to the appropriate school administrator or next higher administrative supervisor or as otherwise required by law. Any instance of reported or observed hazing which includes possible child abuse or violations of statutes known to the staff member shall be treated in accord with statutory requirements and be reported to a law enforcement agency.

A person who complains or reports regarding hazing may complain or report directly to the school administrator or to a professional staff member. The professional staff member receiving the report/complaint shall retrieve sufficient detail from the person to complete the form designated for such purpose. At a minimum the report/complaint shall be put in writing containing the identifying information on the complainant and such specificity of names, places and times as to permit an investigation to be carried out. When a professional staff member receives the information, the staff member will transmit a report to the school administrator or supervising administrator not later than the next school day following the day the staff member receives the report/complaint.

The report/complaint will be investigated by the school administrator or a supervising administrator. The procedures to be followed are:

- An investigation of the reported incident or activity shall be made within ten (10) school days when school is in session or within fifteen (15) business days during which the school offices are open for business when school is not in session. Extension of the time line may only be by necessity as determined by the Superintendent.
- The investigator shall meet with the person who reported the incident at or before the end of the time period and shall discuss the conclusions and actions to be taken as a result of the investigation. Confidentiality of records and student information shall be observed in the process of making such a report.
- The investigator shall prepare a written report of the findings and a copy of the report shall be provided to the Superintendent.

All violations of this policy shall be treated in accord with the appropriate procedures and penalties provided for in School policies related to the conduct and discipline of students, staff, and others.

STUDENT CONCERNS, COMPLAINTS, AND GRIEVANCES

REPORTING/COMPLAINT PROCEDURE

Students may present a complaint or grievance regarding one (1) or more of the following:

- Violation of the student's constitutional rights.
- Denial of an equal opportunity to participate in any program or activity for which the student qualifies not related to the student's individual capabilities.
- Discriminatory treatment on the basis of race, color, religion, sex, age, national origin, or disability.
- Concern for the student's personal safety.

Complaints and grievances related to allegations of student violence, harassment, intimidation or bullying are to be filed in accordance with Board Policy JICK.

Provided that:

- The topic is not the subject of disciplinary or other proceedings under other policies and regulations of this District, and
- The procedure shall not apply to any matter for which the method of review is prescribed by law, or the Governing Board is without authority to act.

THE GUIDELINES TO BE FOLLOWED

- In order to allow for prompt investigation of each complaint, the student is strongly encouraged to submit a complaint within thirty (30) calendar days of the time the student knew or should have known that there were grounds for the complaint/grievance.
- The complaint/grievance shall be made only to a school administrator or a school staff member.
- The person receiving the complaint will gather information for the complaint form.
- All allegations shall be reported on forms with the necessary particulars as determined by the Superintendent. **Forms are available in the school office.**
- The person receiving the complaint shall preserve the confidentiality of the student, disclosing it only to the appropriate school administrator or next higher administrative supervisor or as otherwise required by law.

Any question concerning whether the complaint or grievance falls within this policy shall be determined by the Superintendent.

A student or student's parent or guardian may initiate the complaint process by completing Exhibit JII-EA.

A complaint or grievance may be withdrawn at any time. Once withdrawn, the process may not be reopened if the resubmission is longer than thirty (30) calendar days from the date of the occurrence of the alleged incident. False or unproven complaint documentation shall not be maintained.

Retaliatory or intimidating acts against any student who has made a complaint under the District policy and its corresponding regulations, or against a student who has testified, assisted or participated in any manner in an investigation relating to a complaint or grievance, are specifically prohibited and constitute grounds for a separate complaint.

Knowingly submitting a false report under this policy shall subject the student to discipline up to and including suspension or expulsion. Where disciplinary action is necessary pursuant to any part of this policy, relevant District policies shall be followed.

When District officials have a reasonable belief or an investigation reveals that a reported incident may constitute an unlawful act, law enforcement authorities will be informed.

STUDENT VIOLENCE / HARASSMENT / INTIMIDATION / BULLYING

The Governing Board of the Tempe Elementary School District No. 3 believes it is the right of every student to be educated in a positive, safe, caring, and respectful learning environment. The Governing Board further believes a school environment that is inclusive of these traits maximizes student achievement, fosters student personal growth, and helps a student build a sense of community that promotes positive participation as citizens in society.

To assist in achieving a school environment based on the beliefs of the Governing Board, bullying in any form will not be tolerated.

Bullying: Bullying may occur when a student or group of students engages in any form of behavior that includes such acts as intimidation and/or harassment that:

- May or may not involve repeated acts over time,
- Has the effect of physically harming a student, damaging a student's property, or placing a student in reasonable fear of harm to the student or damage to the student's property,
- Is sufficiently severe, persistent, or pervasive that the action, behavior, or threat creates an intimidating, threatening, or abusive environment in the form of physical or emotional harm,
- Occurs when there is a real or perceived imbalance of power or strength, or
- May constitute a violation of law.

Bullying of a student or group of students can occur through written, verbal, physical, or emotional means and may occur in a variety of forms including, but not limited to:

- Verbal, written/printed, or graphic exposure to derogatory comments, extortion, exploitation, name calling, or rumor spreading directly through another person or group or through cyberbullying,
- Social exclusion or ostracism,
- Physical contact including but not limited to pushing, hitting, kicking, shoving, or spitting, and
- Damage to or theft of personal property.

Cyberbullying: Cyberbullying includes but is not limited to, any act of bullying committed by use of electronic technology or electronic communication devices, including telephonic devices, social networking and other Internet communications, on school computers, networks, forums and mailing lists, or other District-owned property, and by means of an individual's personal electronic media and equipment.

Harassment: Harassment is intentional behavior by a student or group of students that is disturbing or threatening to another student or group of students. Intentional behaviors that constitute harassment include, but are not limited to, stalking, hazing, social exclusion, name calling, unwanted physical contact and unwelcome verbal or written comments, photographs and graphics. Harassment may be based upon, but is not limited to, another person's race, color, national origin, religion, sex, disability, sexual orientation, cultural background, economic status, size or personal appearance. Harassing behaviors can be direct or indirect and by use of social media.

Intimidation: Intimidation is intentional behavior by a student or group of students that places another student or group of students in fear of harm of person or property. Intimidation can be emotional or physical, either direct or indirect, and by use of social media.

Students are prohibited from bullying on school grounds, school property, school buses, at school bus stops, at school sponsored events and activities, and through the use of electronic technology or electronic communication equipment on school or personally owned computers, networks, forums, or mailing lists.

Disciplinary action may result for bullying which occurs outside of the school and the school day when such acts result in a physical, mental, or emotional negative effect on the victim, while on school grounds, school property, school buses, at school bus stops, or at school sponsored events and activities, or when such act(s) interfere with the authority of the school system to maintain order. All suspected violations of law will be reported to local law enforcement.

Students who believe they are experiencing being bullied or expect another student is bullied are strongly encouraged to report their concern to any staff member of the School District. School personnel are to maintain appropriate confidentiality of the reported information.

Reprisal by any student directed toward a student or employee related to the reporting of a case or a suspected case of bullying shall not be tolerated, and the individual(s) will be subject to the disciplines set out in applicable District policies and administrative regulations.

Students found to be bullying others will be disciplined up to and including suspension or expulsion from school.

Knowingly submitting a false report under this policy shall subject the student to discipline up to and including suspension or expulsion. Where disciplinary action is necessary pursuant to any part of this policy, relevant District policies shall be followed.

Law enforcement authorities shall be notified any time District officials have a reasonable belief that an incidence of bullying is a violation of the law.

NONDISCRIMINATION/EQUAL OPPORTUNITY

The Board is committed to a policy of nondiscrimination in relation to race, color, religion, sex, age, national origin, veteran's and military status, sexual orientation and gender expression or identity, and disability. This policy will prevail in all matters concerning staff members, students, the public, educational programs and services and individuals with whom the Board does business.

J-0161

REGULATION

JB-R

EQUAL EDUCATIONAL OPPORTUNITIES

COMPLIANCE OFFICER

The Superintendent or the Superintendent's designee shall be the compliance officer. Any person who feels unlawfully discriminated against or to have been the victim of unlawful discrimination by an agent or employee of the District or who knows of such discrimination against another person should file a complaint with the Superintendent. If the Superintendent is the one alleged to have unlawfully discriminated, the complaint shall be filed with the President of the Board.

COMPLAINT PROCEDURE

The District is committed to investigating each complaint and to taking appropriate action on all confirmed violations of policy. The Superintendent shall investigate and document complaints filed within the deadline prescribed pursuant to this regulation as soon as reasonable. In investigating the complaint, the Superintendent will maintain confidentiality to the maximum extent feasible, consistent with the need to conduct a thorough investigation. The Superintendent shall also investigate incidents of policy violation that are raised by the Governing Board, even though no complaint has been made.

If after initial investigation the Superintendent has reason to believe that a violation of policy has occurred, the Superintendent shall determine whether or not to hold an administrative hearing and/or to recommend bringing the matter before the Board.

If the person alleged to have violated policy is a teacher or an administrator, the due process provisions of the District's Policy GCQF shall apply, except that the supervising administrator may be assigned to conduct the hearing. In cases of serious misconduct, dismissal or suspension proceedings in accordance with A.R.S. §15-539 *et seq.* may be initiated.

If the person alleged to have violated policy is a support staff employee, the Superintendent may follow due process and impose discipline under Policy GDQD if the evidence so warrants. The Superintendent also may recommend a suspension without pay, recommend dismissal, or impose other appropriate discipline.

If the person alleged to have violated policy is a student, the Superintendent may impose discipline in accordance with policies JK, JKD and JKE.

If the Superintendent's investigation reveals no reasonable cause to believe policy has been violated, the Superintendent shall so inform the complaining party in writing.

TIMELINES

The complaint must be filed within thirty (30) calendar days after the complaining party knew or should have known that there were grounds for a complaint/grievance.

Once the written complaint has been filed using the forms provided by the District, the Superintendent shall require the immediate supervisor, site administrator or Human Resources administrator to investigate and respond in writing to the complaining party within a reasonable timeframe.

If the immediate supervisor or site administrator cannot complete an investigation and respond in writing to the complaining party within 20 working days, he or she shall notify the Superintendent in writing, stating the reason that additional time is needed; the Superintendent may extend the time required for completion of the investigation and response for an additional period up to twenty (20) days.

The complaining party may request in writing that the Superintendent review the results of the investigation and remedial action proposed, if any, within five (5) working days of the complaining party's receipt of the response of the immediate supervisor or site administrator. The Superintendent shall provide a written decision to the complaining party and the immediate supervisor or site administrator within twenty (20) working days of the complaining party's request for review. The decision of the Superintendent shall be final unless the complaint was made against the Superintendent, in which case the complainant may request in writing that the Governing Board review the results of the investigation and remedial action proposed, in the same manner as prescribed above for review by the Superintendent.

NON-RETALIATION

No individual who in good faith reports discrimination, files a complaint or participates in an investigation conducted pursuant to this Regulation will be subjected to any discipline or retaliation on the basis of making such a report, filing a complaint or participating in the investigation. The District will take prompt and appropriate remedial and/or disciplinary action against any individual who violates this non-retaliation provision.

The Hostile Environment Harassment policy of the District maintains a learning environment free from harassment, actual or perceived, because of an individual's race, color, religion, sex, age, national origin, disability, veteran's and military status, sexual orientation and gender expression or identity. For purposes of this policy, these characteristics are referred to collectively as "protected characteristic." The District prohibits any and all forms of harassment because of any person's protected characteristic(s).

It shall be a violation of District policy for an student, teacher, administrator, other school personnel or other person to harass a student, staff member or visitor through conduct of a sexual nature, or regarding any protected characteristic, as defined by this policy.

It shall also be a violation of District policy for any teacher, administrator or other school personnel to tolerate harassment because of a student's, staff member's, or other person's protected characteristic, as defined by this policy.

The District will act to promptly investigate all complaints, either formal or informal, verbal or written, of harassment because of any person's protected characteristic; to promptly take appropriate action to protect individuals from further harassment; and, if it determines that hostile environment harassment occurred, to promptly and appropriately discipline any student, teacher, administrator, or other personnel, or take immediate and appropriate corrective action toward a visitor, who is found to have violated this policy and and/or take other appropriate action reasonably calculated to end the harassment.

The District will discipline or take appropriate action against any student, teacher, administrator, or other school personnel who retaliates against any person who reports an incident of alleged harassment or violence directed toward any person based on a protected characteristic, or any person who testifies, assists, or participates in a proceeding, investigation or hearing relating to such harassment or violence.
